To Whom It May Concern,

I am writing this letter in recommendation for Abby Harnack. Abby will be doing her student teaching in my classroom this semester. I have come to know her through observations she has complete in my classroom. She is a very responsible young lady. Abby is very flexible with her ideas and has demonstrated great classroom management skills. She always has a smile on her face and a very positive attitude toward life. She is very comfortable working with the students in my class and has their best interest at heart while she is working with them. I would highly recommend Abby Harnack for a position.

Sincerely,

Marchetta Garrison
